April 27, 2017

Mr. Peter Knight  
Chief Executive Officer  
National Environment and Planning Agency  
10 Caledonia Avenue  
Kingston 5.

Attention Mrs. Ruth-Ann Lacey-Sherrard

### **Re: Highway 2000, Phase 1C May Pen to Williamsfield**

Environmental Solutions Limited (ESL), hereby submits on behalf of National Road Operating & Constructing Company Ltd. (NROCC) the draft Final Addendum Environmental Impact Assessment (EIA) for the captioned project. As per our meeting on April 20, 2017 regarding changes to the Addendum EIA, please note the following:

1. The location of spoil sites and camp sites are presented in Section 1 on pages 47 to 50.
2. The map with the NIC infrastructure has been revised and presented on page 213.
3. An additional statement about sinkhole evaluation was made on page 193.
4. NROCC will provide updates on their communication with JBI and NIC in a separate letter.
5. It was suggested that ESL earmark any forested areas in the limestone environment deemed relevant for protection. However, based on the results of the ecological assessment for the project area, no unique/sensitive ecological communities were identified that needed to be preserved or relocated.

Please do not hesitate to contact the undersigned, should there be any queries.

Yours truly,

**ENVIRONMENTAL SOLUTIONS LIMITED**

Annmarie Goulbourne (Mrs.)  
Senior Environmental Analyst
