

Dem A Fi Wi

Di lan, di air, di sea

Dem a fi wi.

If wi consume with care,

Wi av no fear,

Cuz fi wi life na go cut near.

Di lan, di air, di sea

A fi wi.

Di earth is rich with biodiversity,

But it nah go last fi eternity,

If man no practise sustainability.

In Jamaica di land of wood and wata,

Wi have ole heap a flora and fauna.

But dem ya sin thing yah inna danger,

Because wi stop conserving fi wi nature.

Rept chorus

Wen yuh destroy the trees, how wi fi get breeze?

Please, tek care a these.

Wen yuh thro gabage ina di wata,

A sea food wi ago short a.

Because a di fumes dem from di factory,

Si global warming deh affect wi!

Rep chorus

Listen to mi, this is the solution:

Reforestation is needed in the nation,

Stop pollution, it cause degradation.

Government wi need yu attention.

Introduce public education.

It is time to start tek action.

So wi don't cause no more destruction.
