

This Land Is Ours

- Intro Earth, Earth, Earth, Planet (rep x3)
 Jamaica Jamaica (rep x2)
 Land of Wood and Water (rep x2)
- Verse 1 We have a duty
 To protect all of the flourishments,
 The trees, the shrubs, the tiny bugs
 That feed on them for nourishment.
 Rise up guardians,
 Keepers of the Earth,
 God gave you a mandate
 From the moment of birth
- Chorus This land is yours,
 Yours to defend and to keep
 The harvest of your labor,
 Is what you will reap
 This is a message,
 A message to he that hath an ear
 This is your planet,
 Consume with care.
- Verse 2 Jamaica, YES!
 Beautiful Jamaica,
 Powerful heritage,
 Very rich culture
 Extraordinary Laborers
 With creative minds,
 Keep Jamaica clean
 Please dedicate your time.
- Verse 3 This is your home
 With which you are blessed
 Protect her with your life
 Yes! Do your very best.
 Ardenne High, salutes NEPA
 For its outstanding contribution to Jamaica
